

# LC POWER FILTER

DPCAV Part No. PSF-001  
Rev A

## SPECIFICATIONS

Input Voltage: 14VDC maximum, reverse battery protected.  
Output Current: 1 Amp maximum.  
Voltage I/O Drop: ~400mV at 500mA.  
Size/Weight: 1.6 x 0.6 x 0.7 inches (44 x 16 x 18 mm), 8 grams.  
Typical Application: 12V wireless video camera / transmitter power filter.

The LC power supply filter goes in-series with the power supply source that feeds the video system. Please see drawing below.
